

IMPLEMENTING

Total
Quality

David L. Goetsch

Stanley Davis

CONTENTS

INTRODUCTION

Overview of Total Quality	1
What Is Quality?	1
Total Quality Defined	4
Historic Development of Total Quality	8
Rationale for Total Quality	12
Key Elements of Total Quality	14
Total Quality Pioneers	19
Why Total Quality Sometimes Fails	27
Implementing Total Quality	30

STEP ONE

Gain the Commitment of Top Management	35
Total Quality as Cultural Change	35
The Necessity for Commitment from Top Managers	36
Leadership by Example, Followership by Observation	37
Achieving Complete Management Commitment	39
Maintaining Management Commitment to Total Quality	43

STEP TWO

Create the Total Quality Steering Committee	49
The Differences Between Teamwork and Staff Work	50
The Responsibility Issue	57
Role of the Steering Committee	58
Composition of the Steering Committee	59
The Steering Committee as a Working Team	60
The Steering Committee as a Symbol	61

STEP THREE**Build the Steering Committee Team 65**

Teambuilding Defined	65
The Goal of Teambuilding	67
When Is Teambuilding Required?	67
Benefits of Teambuilding	68
Environmental Considerations	69
Responsibilities of Participants	70
The Teambuilding Process	71
Some Cautions	73
The Need for Outside Assistance	77
Follow-Up	77

STEP FOUR**Train the Steering Committee in the Fundamentals of Total Quality 83**

Rationale for Training the Steering Committee	83
Who Should Do the Training?	85
The Training Curriculum	85
The Need for Continued Study	97

STEP FIVE**Develop the Vision Statement and Guiding Principles 101**

Definition of Organizational Vision	102
Purpose of an Organization's Vision	102
Visionary Leaders Versus Visionary Organizations	105
Properties of the Vision Statement	106
Developing the Organization's Vision and Guiding Principles	106
All Organizational Activity Must Support the Vision	110

STEP SIX**Set Broad Objectives 115**

Rationale for the Employment of Broad Objectives	115
The Nature of Broad Objectives	116
The Difference Between Management by Objectives and Vision with Broad Objectives	118
Cautions Concerning Broad Objectives	120
Establishing the Broad Objectives	121
Deployment of Broad Objectives	124

STEP SEVEN**Publicize and Communicate 131**

Rationale for Publicizing and Communicating	131
---	-----

Why Wait Until Now?	132
Employees Need Information	133
What to Tell and How to Tell It	134
Publicity and Communication Media	138
The Need for Feedback	141

STEP EIGHT

Identify Strengths and Weaknesses	145
Rationale for Determining the Organization's Strengths and Weaknesses	145
Who Should Make the Determination?	146
Tailoring the Initial Implementation	148
Taking Advantage of the Organization's Strengths	148
Addressing the Organization's Weaknesses	149

STEP NINE

Identify Advocates and Resisters	153
Rationale for Identifying Advocates and Resisters	153
Identifying Advocates and Resisters as a Steering Committee Function	154
Characteristics of Advocates and Resisters	154
Advocates and Resisters in the Initial Stages of Total Quality	156

STEP TEN

Establish a Baseline for Employee Attitudes and Satisfaction	161
Rationale for Determining Employee Attitudes and Job Satisfaction	161
Determining Attitudes and Job Satisfaction as a Steering Committee Function	163
Methods for Determining Employee Attitudes and Job Satisfaction	163
Using Employee Attitude/Satisfaction Information	165
Repeating the Process	165
A Word of Caution	166

STEP ELEVEN

Establish a Baseline for Customer Satisfaction	169
Rationale for Determining Customer Satisfaction	170
Approaches to Determining Customer Satisfaction	171
Determining Internal-Customer Satisfaction	173
Obtaining Meaningful Information	173
Short-Term and Long-Term Follow-Up	174
Customer Satisfaction Versus Customer Delight	175

STEP TWELVE

Tailor the Implementation	179
Rationale for Planning the Implementation	179

Planning as a Steering Committee Function	181
Reviewing Resources, Both Physical and Intellectual	182
Selecting the Best Approach	182
Incorporating the Plan/Do/Check/Adjust (PDCA) Cycle	186
Planning as an Ongoing Process	187
Management of the Total Quality Process and Activities	187

STEP THIRTEEN

Identify Projects	191
Rationale for Selecting Projects	191
Project Selection as a Steering Committee Function	193
Considerations When Selecting Projects	193
Soliciting Suggestions from all Sources	195
Defining the Project's Content, Scope, and Term	196
Slow and Steady Wins the Race	197

STEP FOURTEEN

Establish Team Composition	201
Rationale for Team Composition	201
Establishing Team Composition as a Steering Committee Function	202
An Example of Establishing Team Composition	202
Choosing Total Quality Advocates for Initial Teams	204
Developing a Team Member Checklist	204

STEP FIFTEEN

Train the Teams	209
Rationale for Team Training	209
Subjects to be Covered in Training	210
Timing of the Training	213
Team Training as a Steering Committee Function	213
Approaches to Training	214
Team Training as an Ongoing Project	214

STEP SIXTEEN

Activate the Teams	219
Rationale for Formal Team Activation	220
Developing the Team Charter	220
Conducting the Team Activation Meeting	221
Providing a Team Facilitator	225
Communication and Publicity	235

STEP SEVENTEEN

Provide Team Feedback to the Steering Committee	229
Rationale for Feedback to the Steering Committee	229
The Feedback Loop as Part of the PDCA Cycle	230
Frequency and Format of Reporting	231
Feedback from the Steering Committee to Project Teams	234
The Feedback Loop and PDCA Cycle as an Ongoing Process	234

STEP EIGHTEEN

Collect and Use Customer Feedback	239
Rationale for Obtaining and Using Customer Feedback	240
Sources of Customer Feedback	241
Putting Customer Feedback to Use	244
The Customer-Feedback Loop as an Ongoing Process	244
External Versus Internal Customer Feedback	245

STEP NINETEEN

Collect and Use Employee Feedback	249
Rationale for Requiring Employee Feedback	249
The Value of Employee Feedback to Managers, Employees, and the Steering Committee	250
Methods for Obtaining Employee Feedback	251
Putting Employee Feedback to Use	253
Employee Feedback as an Ongoing Process	254
Cautions Concerning Employee Feedback	254

STEP TWENTY

Change the Infrastructure	259
Rationale for Changing the Organization's Infrastructure	260
Identifying and Eliminating Organizational Roadblocks	260
The Hierarchical Organization Versus the Total Quality Organization	262
Examining the Organizational Infrastructure	265
Changes to Infrastructure as a Steering Committee Function	265
Evaluating Proposed Changes	266
Repeating the Total Quality Cycle	267

EPILOGUE

The Total Quality Legacy	271
--------------------------	-----
