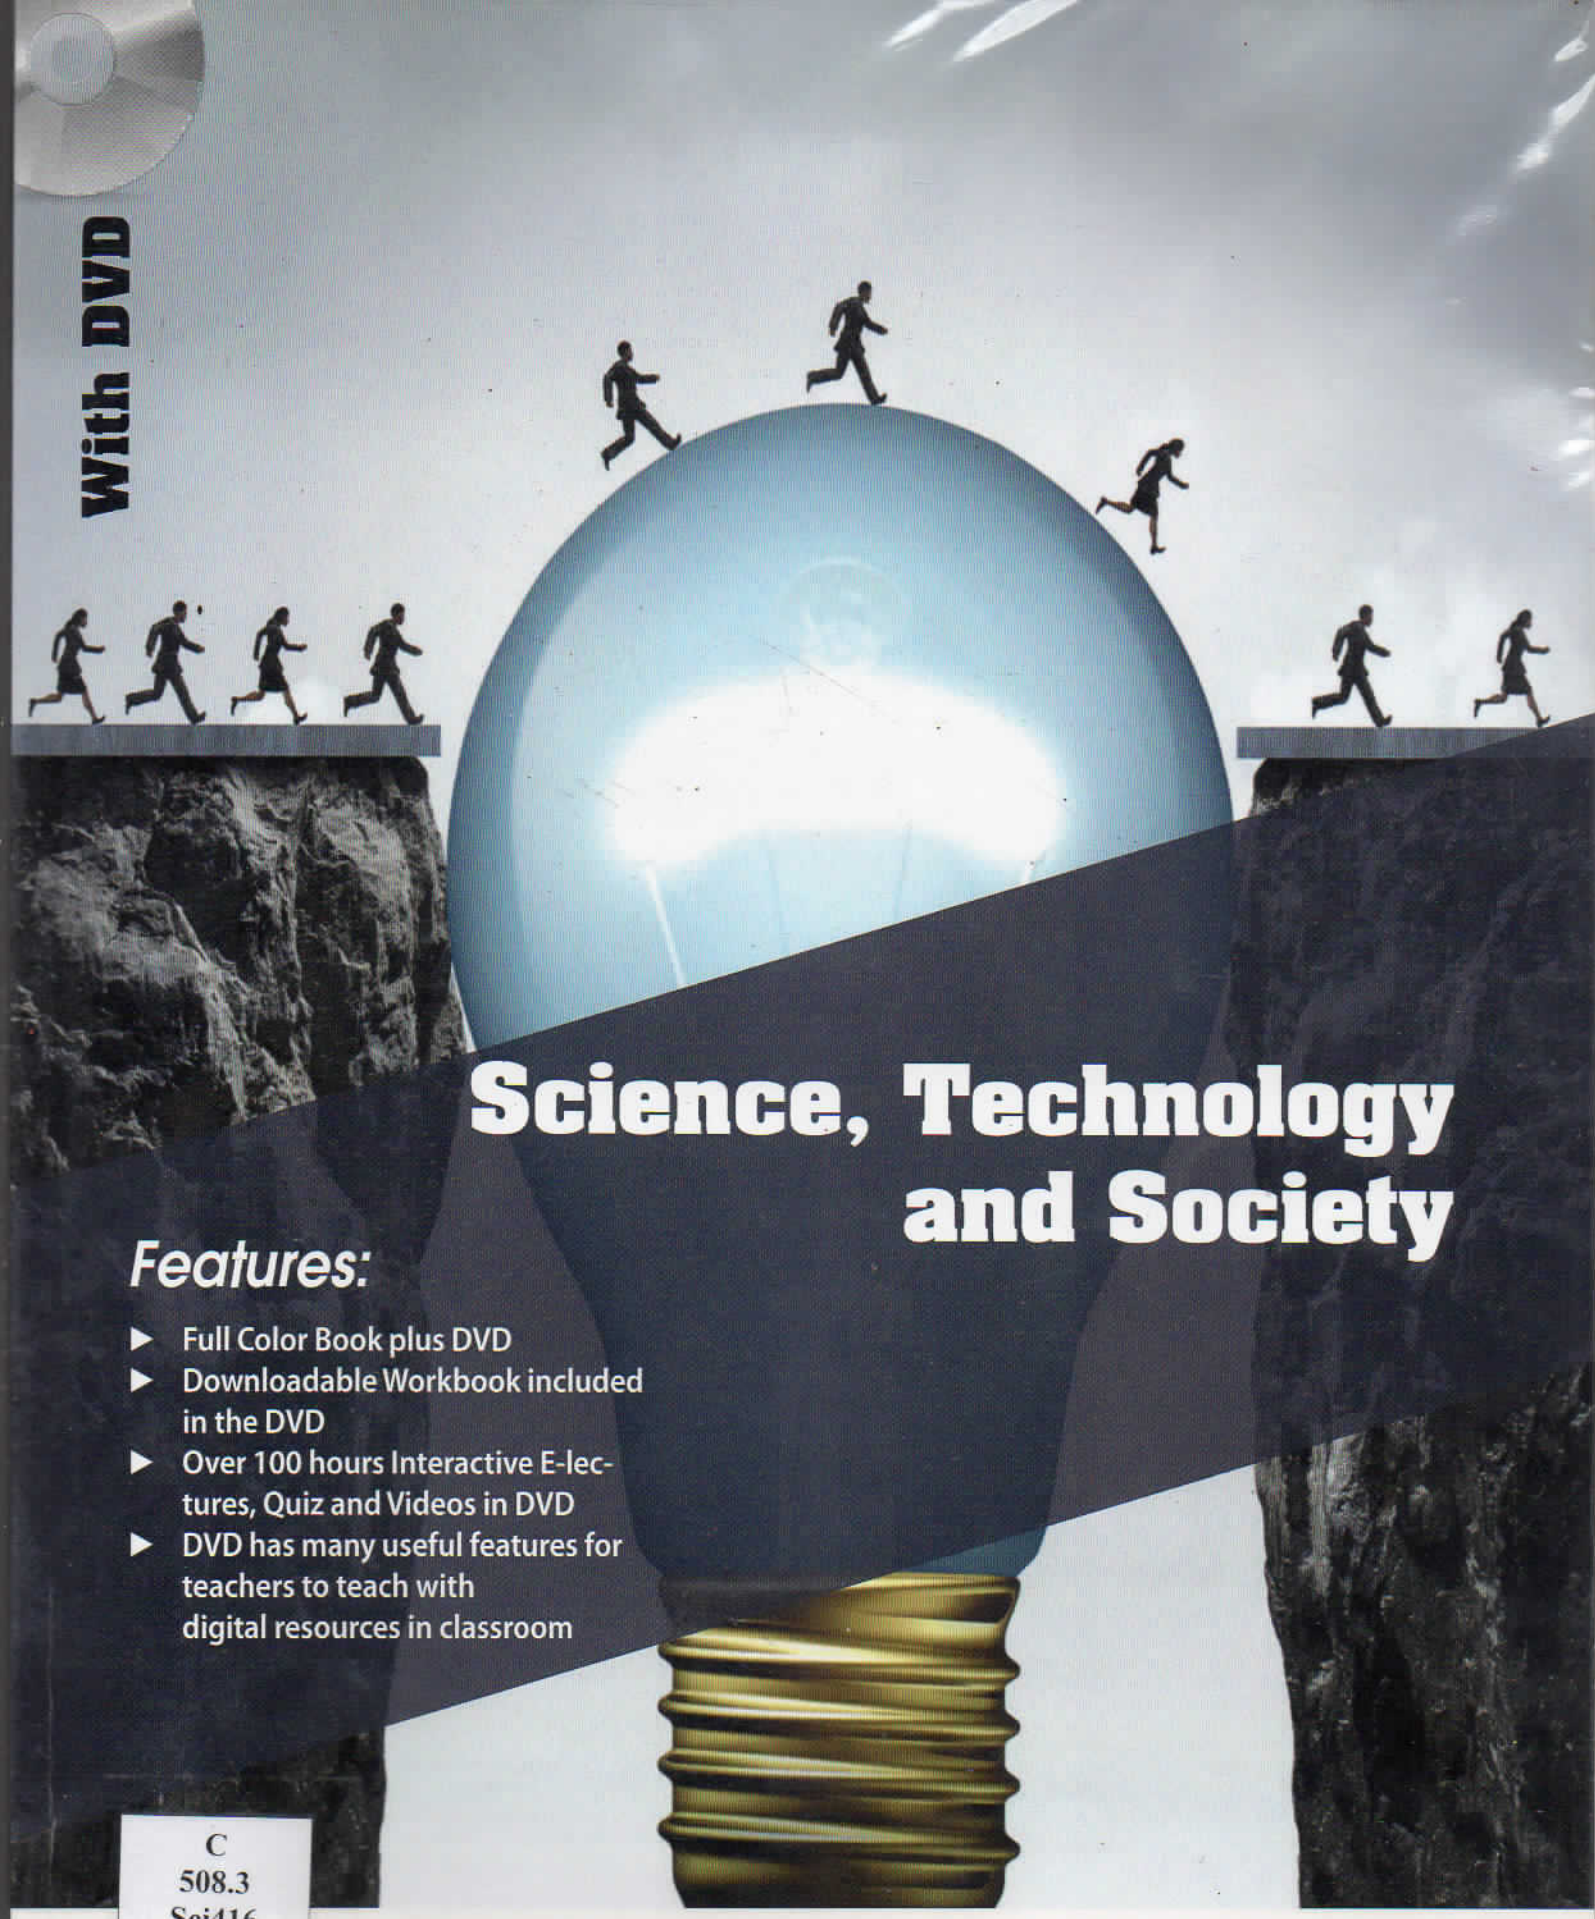
With DVD



Science, Technology and Society

Features:

- Full Color Book plus DVD
- Downloadable Workbook included in the DVD
- Over 100 hours Interactive E-lectures, Quiz and Videos in DVD
- DVD has many useful features for teachers to teach with digital resources in classroom

TABLE OF CONTENTS

Section 1

- Scope 1
- Overview 1
- Learning Objectives 1

Unit 1 Science and Technology

- Introduction 3
- Learning Objectives 3
- Key Features of Science and Technology in Modern Societies 4
  - Challenges and Perspectives 5
  - Public Understanding of Science and Technology 11
  - Needs Science and Technology 12
- Educating For Science and Technology 14
  - Science and Technology in Schools 15
  - Science and technology Effect 18
- New Policy Developments Related to Science and Technology for Society 19
  - Scientific and Technological Progress Related to Safety and Security 19
  - Strengthening Science and Technology for Realization of a Safe and Secure Society 23
- Information Sheet 26
  - Information and Communication Technology 26
  - ICT's Societal and Economic Impact 27
- Unit Summary 29
- Multiple Choice Question 29
- Point of Discussion 30
  - Answer to Multiple Choice Question 30
- References 31

Unit 2 Science and Society

- Introduction 35
- Learning Objectives 35
  - Impact of Technology on Society 39
- Impact of Science on Society 40
  - Process of Science 42
  - Society, Technology and Class Structure 43
  - Society and Ethics 46
  - Science's Contribution to Human Civilization 47
  - Science Supports Modern Civilization 50
- The Place of Science in Society 50
  - Democratization of Science 52
  - Tensions and frictions 54
  - Societal Significance of Science 56
  - Scientific Progress Change the Nature of Society, and It's Sense of Values 57
- Information Sheet 59
  - Promotion of Basic Research from the Viewpoints of Culture and Civilization 59
- Science and Culture 60
  - Governance and the role of Science in Society 62
  - Science as a Culture: A Critical Appreciation 64
- Unit Summary 67
- Multiple Choice Questions 68
- Points of Discussion 69
  - Answers to Multiple Choice Questions 69
- References 70

Section 2

- Scope 73
- Learning Objectives 73
- Overview 74

Unit 3 Technology and Society

- Introduction 75
- Learning Objectives 75
- Relationship between Technology and Society 76
  - Technological Determinism 77
  - Social Constructionism 78
  - Social Shaping 78
  - What is the Relationship between Technology and Society? Who affects who? Can one exist without the other? 78

- Technology and the Rate of Social Change.....80
- Relation between Science and Society 81
- Impact of Technology on Society.....82
- How Technology Effects our Society? 83
- Technology and Its Impact on Society and Culture.....86
- Information Technology Impact on Society.....88
- Impact on Labor Market 89
- Five Positive Effects of Technology on Education 90
- Impact of Technology on the Developing Child 91
- Negative Effects of Technology 93
- Blackberry/iPhone Thumb.....95
- Technology Impact on Social Change.....97
- Computer Technology 98
- Biotechnology.....98
- Reproductive Technologies and Sex Preselection.....98
- Genetic Engineering 99
- Utilization of Technology in Local Society.....103
- Technology and It is Benefits 106
- Technology Advantages and Disadvantages ...107
- Information Sheet.....108
- Technology Used in Social Media 108
- Unit Summary 110
- Multiple Choice Questions 110
- Points of Discussion.....111
- Answers to Multiple Choice Questions.....111
- References 112

Unit 4 Politics of Science and Technology

- Introduction 117
- Learning Objectives 117
- Role of Science and Technology in Politics 118
- Relationship between Political Science and Politics 121
- The Global Politics of Science and Technology 122
- The Impact of Technology on Politics.....122
- One of the ways in which Technology Influences Politics is the Financial Side. 123
- The Impact of Technology on Political Communication.....124
- Impact of Science on Global Politics 125
- Science's Impact on Global Politics 125
- Global Warming.....125
- Impact of Technology and Science on International Relations.....126
- Relationship between Science & Technology and International Relations 127
- Communication, Technology, and Political Conflict: Introduction to the Special Issue 130
- Motivation.....131
- Innovations 131
- Effects: Why should ICT Matter for Conflict? ..131
- Contributions to the Special Issue 132
- Social Media in Politics 133
- Political Power of Social Media: The Good and the Bad 133
- The Bad.....134
- The Good.....134
- How Social Media Affects Politics 134
- Direct Interaction with Politicians.....135
- Pros and Cons of Technology 136
- Important Facts about Technology 137
- Pros and Cons of Economic, Social and Political Globalization: is Globalization Overall Positive for Our Societies?.....138
- Positive Effects of Technology on Education....141
- Information Sheet.....142
- Pros & Cons of Technology in Business Today 142
- Unit Summary 144
- Multiple Choice Questions 144
- Points of Discussion.....146
- Answers to Multiple Choice Questions.....146
- References 147

Section 3

- Scope 151
- Learning Objectives 151
- Overview.....152

Unit 5 Technology and Human Development

- Introduction 153
- Learning Objectives 153
- Basic Concept of Human Development 154
- Objectives of Human Development.....155
- Components of Human Development 156
- Quality of Life.....159
- Human Capital.....160
- Human Rights 162
- The future of Human Development.....164
- Technology for Human Development.....165
- Technology in Human Life.....165
- Impact of Digital Technology on Human Life..167

- The Impact of Technology on Our Lives 169
- Social Media.....174

• Information Sheet.....175
- Why is Communication Important to Human Life?.....175

• Unit Summary.....177
• Multiple Choice Questions.....177
• Points of Discussion.....178
- Answers of Multiple Choice Questions.....178

• References.....179

Index 183

INDEX

A

Altruistic behavior 46
Artistic expression 48

C

Cellular technology 119
Civic discussion 38, 39, 67
Climate change 43, 52
'Common sense' 7
Communication system 76

D

Democratization 52, 67

E

Encompasses science 3, 5, 29
Environment. 137
Environmental degradation 10

F

Food supply 41

G

Gamete intrafallopian transfer (\"GIFT\") 98
Genetic engineering 36, 61
Globalization 138, 139, 148

H

Human capital 158, 160, 161, 177
Human culture 5
Human development 151, 152, 153, 154, 155, 177, 180
Human development index (HDI) 156
Human Development Index (HDI) 154, 178
Human rights 154, 159, 162, 163, 164, 177
Human society 42

I

Industrial leaders 6
Information and communication technologies (ICT) 130
Information technology 89
Interaction 118, 127, 128, 129, 138, 144

K

Kinship altruism 46, 47

L

Labor market 6, 7, 29
Life expectancy 80

M

Mobile technology 87, 109
Motivation 131

N

Nanotechnology 122
Nations Development Programme (UNDP) 155

P

Physics on Stage (POS) 12
Political opportunities 157
Political relations 122, 144
Political Science 121, 122, 144, 146
political violence 131
Politics 121, 122, 123, 125, 144, 145, 146, 149
Proliferation 87
Public participation 54

Q

Qualitative 128
Quantum mechanics 8

S

Science and Technology 117, 143, 144, 146
science and technology (S&T) 4
Science communication 54, 71
Science on society 35, 40, 67
Scientific knowledge 43, 66, 68
Social Constructionism 78, 111
Social development 161
Social scrutiny 50

T

Technological determinism 76, 77, 109
Technological knowledge 4
Techno-science 9, 29

U

Urban society 42, 43, 44, 45, 47, 67

V

Violence 130, 131, 132

W

World Wide Web 35, 66
