THE CREATIVE SELF

Effect of Beliefs, Self-Efficacy,
Mindset, and Identity

ACADEMIC PRESS

Contents

List of Contributors	xiii
Acknowledgments	xv
The Nuances and Complexities of Who We Are When We Create: An Introduction to Creativity and the Self	xvii

I

BROAD CONSIDERATIONS

1. Toward Untangling Creative Self-Beliefs

RONALD A. BEGHETTO, MACIEJ KARWOWSKI

A System of Beliefs	4
Definitions and Distinguishing Dimensions	5
Measuring Self-Beliefs: Recommendations and New Directions	9
Concluding Thoughts	19
References	19

2. Considering Creative Self-Efficacy: Its Current State and Ideas for Future Inquiry

STEVEN M. FARMER, PAMELA TIERNEY

Predictors and Correlates of Creative Self-Efficacy	24
The Role of Creative Self-Efficacy	36
Emergent Research Questions and Lines of Future Study	39
Conclusion	44
References	44

3. Creativity and Identity

STEPHEN J. DOLLINGER, STEPHANIE CLANCY DOLLINGER

Defining Creativity and Identity	50
Theoretical Background on Personal Identity	51
Empirical Evidence	54
Contemporary Research on Creative Identities	57
Future Directions	59
References	60

4. Creativity and Free Will: Creative Thought Enhances Personal Freedom?

DEAN KEITH SIMONTON

Two Parallel Stages	66
Discussion	79
References	81

II

LIVING A CREATIVE LIFE

5. Creativity and Identity Formation in Adolescence: A Developmental Perspective

BAPTISTE BARBOT, BRIANNA HEUSER

Creativity and Identity Development in Adolescence	88
Creative Thinking Processes are Involved in Identity Formation	90
Creative Commitments Provide Attributes for Self-Definition and Lead to Positive Self-Esteem	92
Creativity Gives Outlets for Adaptive Self-Expression	93
Conclusion	95
References	96

6. Self-Construction and Creative "Life Design"

JOSÉ DE VALVERDE, LAURENT SOVET, TODD LUBART

Self and Identity	99
The Self in Counseling Psychology	103
The Constructivist Perspective	107
Creativity as a Relevant Resource for Self-Construction	109
Conclusion	112
References	113

7. The Creative Self in Dialogue

VLAD P. GLĂVEANU

Two Sociocultural Approaches: One Multiple Self	119
Inner Dialogues, Creativity, and the Self	123
New Avenues for Creativity and Self Research	128
Final Note on Reflexivity, Power, and Ethics	131
References	132

8. Me, Myself, I, and Creativity: Self-Concepts of Eminent Creators

x	CONTENTS	
	Spoiler Alert: The Key Trends—The Power of Openness to Experience and Extraversion	190
	Self-Perceived Creativity, Neuroticism, Agreeableness, and Conscientiousness	197
	Self-Perceived Creativity and Cognitive Ability	201
	Summary and Conclusions	205
	Key Issues, Future Directions, and Research	206
	References	214

12. Are Implicit Theories of Creativity Domain Specific? Evidence and Implications

RICHARD W. HASS, RONI REITER-PALMON, JEN KATZ-BUONINCONTRO

	Domain Specificity, Implicit Theories, and Creative Mindsets	219
	A Taxonomy of Belief Structures	221
	Domain Specificity in Creative Production	222
	Evidence of Domain-Specific Implicit Theories	223
	Evidence of Domain Specificity of Mindsets	225
	Bringing it Together	229
	Conclusions	231
	References	231

IV

SPECIFIC CONSIDERATIONS

13. Creative Self-Efficacy From the Chinese Perspective: Review of Studies in Mainland China, Hong Kong, Taiwan, and Singapore

MIN TANG, WEIPING HU, HUAN ZHANG

	Introduction	237
	Chinese Concepts and Measurements of Creative Self-Efficacy	238
	CSE Studies in China	245
	CSE Studies in Educational Context	245
	CSE Studies in Organizational Context	247
	CSE of the Chinese in Comparison to Other Cultures	249
	Future Studies	251
	Conclusions	253
	References	254

14. Why You Are Probably More Creative (and Less Creative) Than You Think

JOHN BAER

	References	270
--	------------	-----

15. The Creative Self in Context: Experience Sampling and the Ecology of Everyday Creativity

PAUL J. SILVIA, KATHERINE N. COTTER, ALEXANDER P. CHRISTENSEN

Notions of Everyday Creativity	276
How Can We Study Everyday Creativity?	278
Ecological Momentary Assessment	279
The Creative Self in Everyday Environments	282
Conclusions	286
References	286

16. Leading for Uniqueness: The Role of Uniqueness in Facilitating Creativity in Employees' Self-Concepts

AMY E. RANDEL, KIMBERLY S. JAUSSI

Leading for Uniqueness to Realize Creativity	290
Activating Follower Need for Uniqueness	293
Uniqueness and Forms of Creativity	295
Leadership, Uniqueness, and National Culture	296
Measuring Need for Uniqueness	297
Future Research	297
References	298

17. Mind Wandering, Creative Writing, and the Self

DAVID D. PREISS, DIEGO COSMELLI

Introduction	301
Interviews	304
Acknowledging Extended Time	306
Developing Trust in Incubation	306
Incorporating the Creative Process as a Part of Identity Development	308
Recognizing the Positive Impact of Creativity on Overall Well-Being	309
Conclusion	310
References	311

V

NEW MODELS AND PERSPECTIVES

18. The Dynamic Force Before Intrinsic Motivation: Exploring Creative Needs

SARAH R. LURIA, JAMES C. KAUFMAN

Before and Beyond Intrinsic Motivation	318
Creative Needs: An Initial Framework	320
Next Steps	323
References	323

19. Creativity and its Discontents: The Weary Voyager Model of Creativity in Relation to Self

MAJA DJIKIC, KEITH OATLEY

Introduction	327
Perception of Past and Present	328
Assembling a Self	329
The Weary Voyager Model	333
Improving Creativity	337
Conclusions	339
References	339

20. From Having an Idea to Doing Something With it: Self-Regulation for Creativity

ZORANA IVCEVIC, EMILY C. NUSBAUM

Revise and Restrategize	348
Sustain and Maintain	353
Summary and Conclusions	357
References	359

21. Creative Mindsets: Prospects and Challenges

MACIEJ KARWOWSKI, ARKADIUSZ BRZESKI

Why Should We Care About Mindsets at All?	368
Are Mindsets Self-Beliefs?	369
How Many Mindsets and Why are Two Possible?	370
So Who Holds None or Both Mindsets?	374
What Shapes Mindsets and How They Change Over Time?	376
Discussion: What's Next in Research on Creative Mindsets?	378
References	380
Index	385
